City's Chief Executive Read Report on Police Investigation and Has Opinion.

UNJUSTLY MALIGNED DECLARES MR. BOOTH

Friends Urge Commissioner to Continue Investigation, But Says Not Worth While.

The report of Mr. Justice Scott on the recent police investigation as submitted to the city council last night, was the subject of general comment around the city hall yesterday and there was a wide variety of opinion as to the merits of the document. Those in official position in the city hall were particularly silent and careful and were better listeners than commentators.

Mayor McNamara was asked if he had any comment to make concerning the report, and he briefly replied: "At present I have nothing to say concerning the report. Mr. Justice Scott, but I may prepare a statement for publication later. I have read the report quite carefully and I have a decided opinion."

M. S. Booth, commissioner of health and safety, at whom much was directed in the report, said:

"I am still in the ring, though rather badly splattered with mud. I have nothing to say. Of course, I was surprised. I have been unjustly maligned, but the evidence submitted may have warranted the court's conclusion. I have been asked by some of my friends to insist on a full investigation, including testimony which would vindicate me, but it is not worth while."

ACCOUNT OF TRIP TO BE GIVEN AT LUNCHEON TOMORROW

Short and Pithy Speeches on Greatest Excursion Ever Will Be Made.

TO TAKE SHAPE OF HOME COMING RALLY

Oil Brokers in Auditorium Agree to Suspend Operations for Hour.

The next big thing on the program of the Calgary Petroleum Association will be the big homecoming luncheon rally, to be held in the auditorium of the city hall tomorrow at noon. Practically all who went east on the special train have now arrived back in Edmonton ready to carry forward the work of progress.

Most of the hour will be devoted to reports of the special trip. Mayor McNamara, Provincial Publicity Commissioner Hotchkiss will take five minutes a piece to tell the assembled luncheon about the results of the trip. The results of the trip and the province, respectively. President Macgrath, Vice-President Ross, Rev. Dr. W. L. Armstrong and Secretary Milne will also speak for five minutes each.

Those who went to Toronto triumphantly on the clock strike 12. Those who went to the oil fields and who can be easily distinguished from the common crowd, they will approach in the "On-Ton-Ton" uniform with all the badges and souvenirs. And it will not be forgotten that the trophy won at the advertising convention will be prominently displayed so that all may see that the oil men are not only taking the most modern of the city taking the most modern of the city.

Even the oil exchanger, which now operates in the auditorium, will suspend work for an hour, so that everybody may focus their attention on the speakers.

Those who have been in the past month or five weeks been in the habit of going to lunch irregularly, should get the old oil club habit and be there at 12 sharp, or at one minute to 12.

Smith, J. H. McLeod, William Hall, Arthur Ball and A. Solberg. The offices of the company, at which demonstrations are being made, are at 115 Jasper avenue east. A block of stock is now on the market at \$1. The total capitalization is only \$25,000.

ALBERTA MINISTER OF AGRICULTURE OFFERING SCOTLAND

Hon. Duncan Marshall Treats Historic Ground and Communes With Muses.

WRITES INTERESTINGLY OF CASTLES AND CATTLE

Visits Uncle at Stirling and Enjoys More Characteristic Hospitality.

(Special to the Capital)

Edinburgh, Scotland, July 8.

While visiting about the country both in England and Scotland, a stranger rather struck with the names of the noted public houses, as they are called here. "The Black Dog," "The Green Man," "The Red Lion," "The Old Spotted," "The Black Bull," "The White Horse," "The Lion and the Unicorn," and I saw one the other day named "Adam and Eve." As one of the chief sources of pride in a business house in this country is to be able to date its establishment back to about the sixteenth century, I judge this must have been an effort on the part of this tavern keeper to ante date everybody.

I visited the cities of Stirling and Edinburgh after leaving Kirkcaldy. At the former city I was the guest of my uncle, David Marshall, and enjoyed more Scotch hospitality, this time with the flavor of local history, which means a good deal to people born in the land of the heather. Stirling is a beautiful old city, with enough historic interest to fill a good many pages of this article, but it is not my purpose to record history here that has been so often and so much better recorded before. I was in time for the celebration of the six hundredth anniversary of the Battle of Bannockburn, and the array of pikemen and highlanders turned the town a tartan color, while the stirring tunes of the pipers must have sounded like an "awful din" to any but a Scotchman. To him it was the music that stirred the men of the heather hills to deeds of gallant bravery. The celebration of the battle was participated in by many Englishmen as well as Scotchmen, and the greatest of good feeling prevailed, for "No ancient fess are brithers."

"In liberty we boast."

"And Scotland's proud she won that fight."

"England's glad she lost it."

Stirling Castle, the field of Bannockburn, Wallace's monument, and the other features of the city, interest around the city. But perhaps its greatest attraction is the view of the city from the top of the cliff, and the view of the city from the top of the cliff, and the view of the city from the top of the cliff.

CLUBS OF THE WORLD START OUT ALONG NEW LINES

Big Association Becomes Even Greater in Its Fight For "Truth"—Toronto Convention Is Memorable One—Next Year's Meeting Under New Agreement to Be in Chicago.

The coming of the Associated Advertising Clubs of the World to Toronto, to awaken the public conscience of the Dominion of Canada to an unexpected degree. When the local committee, to which much honor is due, announced a list of names of some of the leading figures in business circles throughout the world to preach a series of lay sermons, the hypercritical shrugged their shoulders and "passed by on the other side." But the speakers came and conquered, and their virile thoughts were freely discussed the following week and reference made to them even at political gatherings. That was a glimpse of the vision given orally. At the memorable meeting held Sunday afternoon at Massey hall that vision blazed forth in all its splendor and the rapidly developing idea of the "men of the world rising in their giant strength to champion the 'truth' in all lands and among the sons of men leaped into pulsating life. The 'ad' men of the world, who have been so much better recorded before, I was in time for the celebration of the six hundredth anniversary of the Battle of Bannockburn, and the array of pikemen and highlanders turned the town a tartan color, while the stirring tunes of the pipers must have sounded like an "awful din" to any but a Scotchman. To him it was the music that stirred the men of the heather hills to deeds of gallant bravery. The celebration of the battle was participated in by many Englishmen as well as Scotchmen, and the greatest of good feeling prevailed, for "No ancient fess are brithers."

"In liberty we boast."

"And Scotland's proud she won that fight."

"England's glad she lost it."

Stirling Castle, the field of Bannockburn, Wallace's monument, and the other features of the city, interest around the city. But perhaps its greatest attraction is the view of the city from the top of the cliff, and the view of the city from the top of the cliff, and the view of the city from the top of the cliff.

SCHOOL SECTION 1914 EXHIBITION TO BE A MAGNIFICENT OUTSIDE HELP FOR HARVEST WILL NOT BE A MAGNIFICENT

Encourages Work of Students at All Times—Not By Fits and Starts.

MONDAY NEXT IS DAY WHEN ENTRIES CLOSE

Classification Arranged So Children of Every Age Will Have Show.

To bring out the best in Alberta is the blue and gold of the Edmonton Exhibition association stands for—and the blue and gold is out to win. All Alberta stands behind the association, and Edmonton especially is at ways ready to put a shoulder to the wheel rolling on to success.

Recognizing the value of the community of a high standard of agricultural products, the Edmonton Exhibition company is offering a shield valued at \$125 to the exhibitor from the province of Alberta winning most prizes in this class. This trophy alone, without the other prizes offered by the association, is enough to bring out a splendid showing of the grains, grasses, and vegetables coming under this classification.

The interest evinced in the educational side of the exhibition proves that Alberta contains better things besides oil and real estate. The very day after numerous enquiries and applications in regard to the arts, crafts, and school sections.

Class 316 is an example of the idea the association aims to encourage in the school section, the bringing out the best at all times, and not by fits and starts. This class is for an exhibit of work done by a pupil during the last school term immediately preceding the exhibition. These books must show the daily work of the school as far as such work can be shown in the work books.

The classification of the school section is broad, and every boy and girl will find some competition covering his or her pet hobby. The work of the school is to be shown in the work books, and the work of the school is to be shown in the work books.

DOMINION ROYAL COMMISSION HERE SEPTEMBER 23-24

Now Visiting Canada to Study Whole Inter-Imperial Trade Question.

TO DEAL WITH LARGE NUMBER OF SUBJECTS

Edmonton Board of Trade is Asked to Present Reliable Information.

At the Imperial conference, held in London in 1911, it was decided to appoint a commission to be known as the Dominion Royal commission, for the purpose of studying the whole situation in regard to inter-imperial trade and the most effective means of promoting the commercial and industrial development of the various parts of the empire.

This commission is now visiting Canada, and will sit in Edmonton on September 23 and 24. Among other things, the Edmonton board of trade has been asked to present to the commission any authoritative information bearing on the subject under investigation, which are as follows:

1. Communications—Steamship, post and telegraph, harbors, freights and bills of lading.
2. Railways and Railway Finance—Systems open for traffic, proposed extensions, capital and debt.
3. Natural Resources and their development—Inclusion of questions of marketing and distribution, agricultural, mineral, forests, irrigation and water power, fisheries.
4. Trade—Improvement of statistical methods, exhibitions, British empire trade mark, representation and misdescription, system of trade commissioners and correspondents.
5. Legislation—Double income tax, death duties, land rights, condition and consolidation of the commercial laws of the empire.
6. Empire Development and Organization—The establishment of a board or executive committee of the imperial union, the joint fund for the general purposes of development of the empire and its resources; the establishment of an empire development board for assisting in the raising of loans for purposes of imperial development; the most favorable terms and for bringing about imperial cooperation in matters of common interest.

BIG DOUBLE SHOW IS LATE IN COMING BUT PARADE TAKES PLACE

Thousands waited on Jasper avenue and other principal thoroughfares of the city this forenoon and afternoon expecting at any minute to see the van of the big Buffalo-Buffalo parade. But none came.

The parade will be held about 5 o'clock this afternoon, there being no parade tomorrow.

The late start was due to the fact that the train bringing the second section of the big show was delayed and did not arrive in the city till after two o'clock p.m., two special trains left for the big show.

Tonight's performance will be given at the time originally announced, 8:15 p.m. Tomorrow a parade will be given at 10:30 in the morning, and there will be another parade at 8:15 in the afternoon at the corner of the Syndicate and Boyle.

GEORGE GREATLY MISLED IN VIEW OF NEWSPAPERS

Liberal Press Holds That His Reference to Civil War is Unjustified.

SERIOUS CRITICISM FOR ANOTHER POINT

Declared That Overseas Dominions Are Not Directly Concerned.

London, July 22.—Premier Asquith today assumed in the house of commons full responsibility for the speech made by the king yesterday to the political leaders who had met at Buckingham Palace to confer on the Irish home rule problem. He thus met at rest various reports in circulation since the Ulster controversy has become acute and since the first discussion of the conference. The Premier said: "This speech was sent to me in the ordinary way by his majesty the king before it was delivered and I take the entire responsibility for it."

The king, said Mr. Asquith, left it to discretion of the conference to determine whether his speech should be published, and the conference decided unanimously in favor of its publication.

"His Majesty throughout this matter followed the strictest constitutional practice. He has not taken any step from the beginning until now except in consultation with and on the advice of his ministers," added the premier.

"Time Will Show."

Premier Asquith, on being questioned as to the calling of the conference, said with emphasis that all attending the conference did so unconditionally. He declined to discuss why it was being held in Buckingham Palace, instead of the house of commons.

When asked whether there would be an opportunity for discussion of the subject in the house, Premier Asquith replied: "Time will show."

The Manchester Guardian is in full agreement with the London Liberal press that the king's reference to civil war is unjustified, and points out that there is another point in the royal speech which is open to serious criticism. "His majesty," said the Guardian, "that the dominions overseas are scarcely less concerned in the domestic Irish problem, is a question that the rest of us. Well, with all respect to his majesty, we would make the point that the king made this statement to the king and induced him to believe it, gravely misled him."

"Not Directly Concerned."

"The dominions are in no way directly concerned with the Ulster trouble, except in so far as they are interested in the trade of Belfast. Nothing which is in the remotest degree likely to happen in the Ulster area will affect their material interests or shake their loyalty. They, indeed, should be surprised that the king should treat prospective rebels with so much consideration, but their loyalty should make the same allowance as the rest of us."

"The plain fact would appear to be," continues the Guardian, "that the king has been unduly alarmed by reports of certain of his unofficial counsellors and that the impression thus made on his mind may, unless he wisely decides himself hereafter to be guided solely by his official counsellors, recognized by custom and constitution, have consequences far more serious than any yet projected. It is because the occasion appears to demand plain speaking that we have ventured to discuss the bearings of this new kind of king's speech, with a frankness not inconsistent, we trust, with complete personal respect."

TO PAY DUTY WITH STAMPS

Ottawa, July 22.—Revenue stamps as a means of paying duty in advance on certain articles in the custom tariff are shortly to be adopted by the customs department. At the last session of parliament in connection with the budget, the necessary authority was given, and the regulations with respect to their use are now being prepared by the department. The stamps will be available for the payment of duty on periodicals, catalogues and other articles enumerated in item 176 of the tariff.

AD CLUBS OF THE WORLD START OUT ALONG NEW LINES

(Continued.)

and the president of the Toronto Ad club, W. G. Book, heartily welcomed the delegates and then President William Woodhead addressed the gathering. The president has impressed Canadians with his hearty and strong personality, his hearty and infectious laugh and his tact in holding the reins of a meeting, even using the curb with a gentle but firm pressure when necessary, and they have come to love him. The concluding words of the president gave the key-note of the advance of the organization in succinct form: "We have helped to carry the flag a little farther forward to another safe, advanced position from which more extensive and effective operations can be planned and carried to a successful conclusion."

After the morning a splendid official group photo of the delegates was taken outside the Transfiguration building and the visitors wandered round the beautiful grounds. A word must be said in praise of these grounds. The tenth annual convention will always be remembered by these beautiful buildings, the magnificence of the panorama with its setting in the waters of Lake Ontario, the splendid drives and walks and the band stand where music, although it carried the visitor away many miles in thought, stirred the blood as well as made the eye flash.

An Epoch-Making Session
Who will ever forget the epoch-making session held in the afternoon when the outlook of the Associated Advertising clubs of America was changed and the thought of members was wafted to lands where in time the banner of the association with its stirring and shrill call of "truth" would be insistent as in their own land. "The Associated Advertising Clubs of the World." It may sound pretentious but the idea has not been conceived in any flight to Jingoism; there is behind it the strong right arm of truth. All honor to Delegates H. H. Schuman of Chicago and S. C. Dobbs of Atlanta for their noble utterances regarding the new campaign on the part of the former and the new campaign on the part of the latter. Time will not drag the work of that afternoon. The contest for the Printer's Ink trophy which succeeded was one calculated to make the blood of all "ad men" course quickly. The splendid work done in religious, civic, philanthropic and sociological circles enumerated by the various champions tended to show that humanitarianism is a thing possessed by all "ad men." It is by such work as has been depicted by these men that the world movement will receive its noble power. Florence Los Angeles, trophy winner.

The Toronto convention will be remembered with pride when the work done by the exhibit committee is talked of. The display, one of the most comprehensive ever seen at a convention, will constitute a challenge to the succeeding convention cities which they will do well not to forget. The delightful trip on the water in the evening concluded a memorable day's work.

Interest at Fever Heat
Tuesday, what a serious day it was. "Truth" was sent with clarion note resounding through the whole convention. Every phalanx of advertising matter was handled by the keenest and most virile men on the continent. Members sat through all the discomforts of the steamy day without a thought of leaving. Interest was at fever heat and discussion was keen and spirited. Food fighters, these "ad men"—men who know how to give and take hard knocks and come up smiling. It was refreshing to listen to them. The delegates enjoyed the events provided on the water all the more after the hard work of the day but the general session in the evening showed not the slightest diminution in the point of attendance, and indeed, the speeches made by Christine Frederick of New York; Gertrude Fort of Omaha; O. W. Hopkins of Boston and C. C. Parlin of the city were listened to with the keenest interest. The educational conference at the King Edward hotel in the late evening heard a magnificent address by James Schermerhorn of Detroit on "Advertising—The Light That Burns and Saves."

Wednesday provided one more strenuous day. The different departments were splendidly attended and the afternoon marked another general session of a high order. First came the report of J. S. Poydamer of Philadelphia, who told of the impressive work of the exhibit committee. This will be remembered by Toronto and the visiting delegates for its splendid display of advertising from this continent and overseas secured through the self-sacrificing work of the chairman and his able associates. The retiring chairman of the general publicity committee, Richard H. Waldo, laid special emphasis on the magnificent work done by the 81 men who made up his committee. He told the associated clubs to work for an annual advertising campaign of at least \$1,000,000, and told that it should be an easy matter to reach this figure within a few years' time since over \$100,000 worth of space was given this year to advertise the Toronto convention. Then followed the presentation of the work of the National Vigilance association. H. D. Robbins, the chairman, was given a handsome snake-wood stick by his committee. The discussion which followed the report was highly interesting and one resolution was referred to the committee on resolutions. This dealt with the methods of certain plans dealers.

Standards are Adopted.
The advertising "standards" of Practitioners, will do away with the old excuse of ignorance as to what is fair in the field of publicity. An important moment this—one of life or death to the organization. Life, if honestly carried out, death if trifled with or regarded merely as an ornamental expression of opinions. It was a glorious evening. The dele-

ISLE LAKE SCHOOL DISTRICT HAS VERY SUCCESSFUL PICNIC

A very successful children's picnic was held at the school grounds of the Isle Lake district on Saturday. The proceedings were opened by a short address from John Jones of Isle Lake Shores farm, in which he urged upon all the necessity of maintaining a good school organization and availing themselves of every opportunity to give the children the best possible education.

The refreshment tables were well supplied and superintended by the Misses Jones, who have done so much on this and other occasions for the social welfare of the community.

A varied program of sports was arranged and keenly contested by the young people.

The concluding event, however, which gave real pleasure to young and old was a 20-yard race for children under six years. Seventeen eager little contestants, composed of boys and girls, were well lined up and started by Trustee Adam Macdonald and the judges declared them all winners and each little tot became the proud possessor of a silver dime for winning the race.

When the company broke up at 1 p.m., every one felt that they had a very pleasant picnic and that such social gatherings were of real benefit to those living in the district.

BLANCHE HARPOOLE IS HEAVILY FINED KEEPING LIQUOR

Blanche Harpoole, whose name was oft-times mentioned during the police investigation, was arrested last night by Detective Shaw at her rooms N. Mayo and Giesbach and charged this morning in police court with keeping liquor for sale without a license. She was convicted and fined \$150 and costs or in default of payment, three months imprisonment. A charge of keeping a disorderly house has also been laid against her, but her counsel H. H. Robertson asked for an adjournment until Saturday. This was granted.

FENTON COMMITTED TO TRIAL CHARGED STEALING OF FURS

Richard Fenton, alias Richard Manning, known to have served a two-year sentence in the Alberta penitentiary, appeared before the magistrate this morning charged with the theft of a quantity of valuable furs from the firm of Wolfe and Hine, Second street, whose store he broke into last night of June 18. Fenton was caught in Spokane and was brought back by Detective Gilliam. He was charged with the sale of the furs when apprehended. The furs consist of fox, mink and beaver skins.

BRITISH JOURNALIST IN CITY ON HIS FIFTH TRIP THROUGH CANADA

Lee Scheff, an English writer, is at the King Edward on his fifth trip from coast to coast, and is here on his trip through the Dominion. He is representing some of the leading British papers, including the Graphic, the Lloyd's and others. Mr. Scheff is an enthusiast on Canada and his writings have been the means of inducing thousands of the masses from the United Kingdom to settle in Canada. He came from the Atlantic and made most of the trip through the prairie by automobile.

Naval Base Near England

The Hague, July 22.—Germany's supposed plan to establish a naval base within six hours of the English coast has been brought nearer realization by an agreement between the Dutch and German governments.

After two years of delicate negotiations, Holland has yielded to Germany's demands for a concession of a site for harbor and steel works on the new waterway at Rotterdam. It is believed that Germany made an attractive offer to build warships for the defence of the Dutch East Indies.

gates spent watching the military tattoo. Out in the distance gleamed a thousand lights on the Lake Ontario, above the stars shone in midsummer brilliancy, and out on the plain in front of the grand stand a kaleidoscope of colors wove and interwove in all the intricate mazes of military display as ten bands and the 45th Highlanders performed their splendid evolutions to the kind of music that stirs all men and women with red blood in their veins.

Then came the last day, with its re-election of President Woodhead, Vice-President Cherry, and well-loved Secretary-Treasurer P. S. Flores. The members of the nominating board for members of the executive committee were unanimously ratified, as was the choice of Chicago to be the convention city of 1915. Although the Franco delegates were disappointed in not securing this prize, they were splendid hosts and promised the same hearty support for next year's meeting that every loving contestant for the honor has always given.

As men and women left for their homes after adjournment, they took with them the feeling that this first international convention of the Associated Advertising clubs of the world has been a success beyond all promises. On every hand was heard expression of the feeling that the Toronto Ad club has lifted the "truth" movement, through its masterful handling of the convention, to a new high level. Now with added force and strength the great work surges forward. Twelve months hence will see many a change, will have brought many a trial to "ad men," but the glorious work "truth" will serve the hand and see the effort, make more earnest the resolve that "truth" shall be synonymous with advertising, and that advertising shall be nothing but the "truth."

ANNOUNCEMENT

THE BIG BEAR OIL CO., LTD.

(Non-Personal Liability)

Will Shortly Offer a Limited Number of Shares at

25 Cents Each

Par Value \$1.00.

This Company's Holdings, consisting at present of 2000 acres, and these pending favorable geologist reports, will be increased by the vendors at a very nominal cost to this company. The company proposes to increase their holdings to between 4000 and 5000 acres, all of which will be in the established oil fields of Northern Alberta.

Our Discovery Well Will Be Drilled

in Township 43, Range 27, West of the fourth Meridian, adjoining the the holdings of the **Blindman Valley Oil Company**, whose machinery is now on their ground. The **Midland Oil Company** of Calgary proposes to commence the drilling of five wells immediately in the same district.

The Big Bear Oil Co., Ltd., is an Edmonton Company.

The directors are all prominent citizens of Edmonton. The Company is capitalized at \$500,000 and is Non-Personal Liability.

The proceeds of our first issue of 60,000 shares will be utilized strictly for drilling purposes.—**For Full Information write or see—**

DECLARES EMPLOYEES OF STREET RAILWAY MISREPRESENTED

Alderman Joseph Clarke Brings Attention of Council to Threatened Strike.

CURTAILMENT OF CITY EXPENSES IS URGED

Power Offer Laid Over For Future Consideration—Other Council Matters.

"Has any statement been received from the employees of the street railway department?" asked Alderman Joseph Clarke at last night's meeting of the city council in introducing the matter of the threatened strike of the street car men. He said the men are being misrepresented and if the commissioner does not live up to the agreements, we want to know why.

Mayor McNamara replied by stating that no grievances had been submitted by the street car men, and that he did not believe that there was any cause for worry. "The matter has not reached the acute stage," remarked the mayor, and the matter is one for the commissioner to deal with. It will only accentuate matters if you drag it into the council.

"Are we to wait until the whole system is tied up before taking cognizance of the trouble," remarked Alderman Clarke. "If we do we will wake up some morning to find no cars running, and then the trouble will be serious. Now is the time to take some action and to look into the grievances of these men, if there are any, and try to bring about a solution of the difficulty."

No action was taken.

Curtail City Expenses.

In accordance with notice of motion made at last week's meeting of the city council, Alderman Clarke last night offered the motion that a committee be appointed to bring about a curtailment of municipal expenses by the abolition of Industrial Commissioner Hall's department, and the cutting down of the expenses involved in the publication of the Official Gazette. The mayor appointed Alderman Connolly, Touchette and Kinney on the committee, and on request of Alderman Douglas the size of the board of commissioners was left to the discretion of the committee.

Power Offer Deferred.

At a late hour the matter of the power offer of Sanderson & Co. of New York, came up for consideration, and was laid on the table. It was suggested by Alderman Clarke that other clauses be added to the report submitted by the board of commissioners to the effect that, if during the life of the contract, if such be entered into with Sanderson & Porter, the city should be in position to secure a rate five per cent. less than that agreed upon, the company shall reduce its rate to that level, and failing to do this the city shall have the right to abrogate the contract and purchase its power elsewhere.

Alderman Calder expressed the opinion that the matter was of too great import to decide hastily, and he suggested that it be carried over in order that the members of the council might have time to consider it.

Early Closing Opposed.

Representing 25 merchants of the downtown section, H. H. Friedman appeared in opposition to the proposed early closing ordinance, stating that 50 per cent. of the business of the downtown section was done after 6 o'clock in the evening and that the ordinance would result in a serious loss to the merchants.

A counter petition concerning the matter was presented by a representative of the District Social, Literary and Athletic club, asking for enactment of

NEW STRATHCONA BREWING PLANT, AND SCENES ON THE OCCASION OF ITS OPENING YESTERDAY.

the early closing ordinance in the interest of social and intellectual advancement of the employed class. No action was taken.

A delegation representing the property owners in blocks three and four in the Westmount addition, appeared asking for an extension of the water main. It was explained to the council that several petitions had been submitted, requesting the water main extension, but that these petitions, apparently had been ignored and it was understood that the city engineer had expressed the opinion that water was not a necessity in the blocks mentioned. The matter was referred.

In response to a petition from the residents of Ninth avenue south, facing the Beau ditch, it was directed by the council that a report be submitted on the feasibility of draining the ditch, and if it is probable that the work will be done at once.

The matter of the paving of Syndicate avenue was referred to the commissioners of finance and public work, with request to submit report.

The council listened to the reading of a communication from the board of commissioners, asking that the council take steps for the establishment of an official daily time signal. It was stated in the communication that standing time could be furnished by the local office of the meteorological office at slight expense. The matter was referred to the commissioner on health and safety.

On motion of Alderman East the council made an appropriation of an additional \$1,000 for the work being carried on by the electric commission committee. The alderman commended the committee on what it had accomplished, characterizing it as having been done economically and expeditiously.

Commissioners Questioned.

Alderman Clarke formally addressed the following questions to the heads of departments:

1. The commissioner of health and safety.

2. If any instructions, verbal or in writing, were given during the month of June, 1914, with regard to the enforcement of the traffic by-law by the police of the city of Edmonton.

3. Copies of any communications or

answers between the commissioner of health and safety and the chief of police, in regard to the position or location of vehicles of any kind upon the streets in the districts in the center of the city upon which the standing of such vehicles is particularly restricted.

To the commissioner of operation and finance:

1. If the money necessary to lay a permanent base under the street car tracks on Spruce avenue from Agnes street west, was ever raised.

2. Was any money raised and debentures sold to pave any portion of Spruce avenue from Agnes street west. If so, how much and how far?

3. A report also from the commissioner of operation as to the comparative cost of laying the Spruce avenue extension of the street railway across the C.N.R. and G.T.P. from Kinnaird to Agnes street on a permanent base and on a surface as is now being done.

Alderman Calder submitted the following questions:

What was the cost of laying the water mains across the river?

Whether the matter of the high level bridge and the approaches has been adjusted and whether they are going to be paved this year, also, if the necessary money has been provided for the same?

DEBENTURES MAY BE ISSUED TO PAY FOR ANTHONY ST. BRIDGE

That a measure may be adopted for the raising of \$50,000 as the city of Edmonton's share of the expense of building the Anthony street bridge, the alderman commended the committee on what it had accomplished, characterizing it as having been done economically and expeditiously.

The sum of \$50,000 raised in the year 1912, be transferred to the general issue.

That the whole cost of the Anthony street bridge, with all the expenses incident thereto, be capitalized by the issue of debentures, and that the question referred to the burgesses at the next time of submitting money by-law.

The recommendation was accepted by the council last night and instructions were issued that a letter be sent to Superintendent Calver, C. P. R., calling attention to the dangerous condition of the crossing.

To cover the estimated cost of the Anthony street bridge at the south end of the high level bridge, \$365,000 was provided by the tax levy of 1912. The amount to be contributed by the city was not limited to that amount, however, but it was to be the full cost of the additional width of the bridge designed by the railway company. The certified estimates paid by the C. P. R. show that the city's share is about \$58,000 and additional expense will be incurred in filling in approaches, paving, etc., bringing the total up to probably \$68,000.

COMING AUSTRALIAN ELECTIONS CAUSE OF INTENSEST FEELINGS

London, July 22.—Despatches received yesterday from Australia regarding the approach of the Australian general election, fired for September, is producing intense political feeling.

Premier Watt has brought action for libel against the Melbourne Age newspaper, claiming £5,000 damages. Another labor leader, J. Thomas, formerly minister for external affairs, is bringing action against Bennett, liberal member for Gippsland, who charged him with corruption when he was a minister.

Servia has an area of 52,312 square miles and a population of 4,323,315.

Swatters in a week recently killed 6,445,409 flies in St. Louis, Mo.

SECOND ORDINANCE IS ADOPTED FOR CITY FINANCING

Alderman East Lays Slowness in Issuance of Notes at Feet of City Council.

DELA COST \$10,000

DECLARES THE MAYOR

Mr. Clarke Maintains That Money Could Easily Be Secured in Paris.

By unanimous vote last night the city council passed an ordinance authorizing the issuance of treasury notes in the amount of \$400,000, to carry interest at a rate not to exceed four and three-quarters per cent. net, to provide funds for municipal improvements. This followed the action of the council in repealing the ordinance which was passed on July 14, authorizing the issuance of treasury notes of \$400,000 at a rate of four and one-half per cent. interest.

The matter was introduced by the mayor's communication from the board.

"Referring to a by-law passed by council at meeting held on July 14, authorizing the raising of \$400,000 by the issue of treasury notes, it was understood by council that the rate of interest, four and one-half per cent. would be not to the city of Edmonton, I am in receipt of a letter from the manager of the Imperial Bank of Canada, Edmonton branch, dated the 18th inst., in which he informs me that he has received a telegram from the bank office to the following effect:

"Referring to your telegram of 17th inst., city of Edmonton: Conditions so favorable, Lloyd's Bank, London, have called: City of Edmonton treasury notes cannot be placed here under 4 1/2, to which would be added 3 1/2, for negotiations. Will proceed on the basis of 8 per cent. unless otherwise instructed. Please instruct. My own opinion is continuous delay is dangerous. City of Edmonton must be able to guarantee issue of these treasury notes at a rate of four and one-half per cent. net."

"I thought I would repeat to council tonight a by-law repealing by-law No. 28 and a by-law authorizing the issue of treasury notes for the same amount as in the previous by-law at the best rate of interest obtainable. The necessary repealing and new by-laws were brought down and should be dealt with tonight."

Says Council to Blame Alderman East stated that several meetings had been held, commencing July 9, but that no agreement could be reached concerning the sale of the treasury notes, notwithstanding that letters from banks and financial agents had been published and in spite of the fact that it had been urged by the Imperial bank that immediate action was necessary in order that a low rate of interest might be secured.

Alderman East stated that the delay had caused a loss of several thousand dollars to the city and he wanted to place the blame where it belonged. He insisted that there was absolutely no reason for the delay.

Alderman Calder said that he was amused at the letter which had been received from Mr. Kirkpatrick, and that the council did not know what the rate of interest would be, except that it would be more than four and one-half per cent. and that it was not known whether the rate would be not in London or Edmonton.

Mayor McNamara replied that there

TENNIS CLUB FORMED TO TAKE ADVANTAGE NEW EAST END COURTS

The new tennis courts adjoining the technical school on Syndicate avenue are now available to the tennis enthusiasts of the east end. At a largely attended meeting held in the Technical school last Wednesday evening the Patrick Square Tennis association was formed, with the consent of the police department, to take over the grounds for tennis purposes. C. L. Gibb was elected president, and a further meeting will be held tomorrow evening to adopt a constitution and regulations. The fee for membership has been fixed at 10 cents for the balance of the present year and all citizens are eligible for membership. It is expected that play will be in full swing by the end of this week. Those interested should attend the meeting tomorrow at 7.30 in the Technical school or send their application for membership to the secretary, William Thompson, 328 Gallagher street, phone 7192.

FLOOD OF REQUESTS FOR DEPORTATIONS ARE BEING SENT IN

Ottawa, July 22.—The first contingent of Ukrainian immigrants left the city yesterday afternoon for Montreal, where they will be placed aboard the Canadian Pacific freighter Mount Temple, which sails for Antwerp today. Another batch of 50 will leave on Friday. Requests for deportations from other cities are all coming in to the immigration department, and as quickly as verification is established this is being done.

Eureka Will Play.

The Eureka boys' club will play the West Edmonton boys' club to a game of football on Thursday night at 8 o'clock. The following list of players is required to play in full uniform:

Goal, Edgar Williams; full backs, Leroy James, John Macpherson; half backs, Bert Kidd, Fred Davies, and Peter Denham; forwards, Jack Thompson, Leroy Williams, George Green, Barrie Brown, and Lew Auger. Reeves, Smiles and Bowen.

Easterners Come West.

Toronto, July 22.—Seven hundred home-seekers left the Ontario station last night. The party is made up of 100 women and children from towns in Ontario who are given west seeking new homes.

There was need of immediate action and that the mayor had suggested that the money was needed to pay the interest on the money which had been loaned by the city.

Alderman Clark moved that the previous action of the council be ratified and that the mayor be authorized to wire the Lloyd's Bank of London, Canada, to introduce the money which had been loaned by the city.

Alderman Clark believed that it would be better policy to place the notes at interest than to place them at the offer of the Imperial bank be accepted.

Alderman Clarke insisted that there was plenty of money available in Paris and in support of his theory he read a newspaper article telling him of enormous sums that recently had been loaned by Paris bankers.

He thought a better rate could be secured abroad, and that the city would be better off with a loan from Paris than from the Imperial bank.

Alderman Clarke's motion was withdrawn and the by-law adopted at the previous meeting was repealed. Action was then taken to authorize the issuance of treasury notes in the amount of \$400,000 at the rate of four and three-quarters per cent. interest was then taken.

NEW RECORDS AT CLEVELAND

Grand Circuit Harness Races Provide Fastest Times of Year.

Cleveland, O., July 22nd.—Records fall right and left at the second day of the Grand circuit harness races at North Randall track yesterday afternoon. In the first heat of the 2:05 pace, Dr. Burns Jr. forced William, champion 3-year-old pacer of 1913, to a mark of 2:02, which is a record for a 4-year old pacer. William did the second heat in 2:02 3/4. The two heats are the fastest ever paced by a 4-year old or by a stallion.

In the third and final heat of the Ohio stakes, the day's classic, Star Winter established a new mark of 2:05 for the event and also trotted the fastest mile of the year on any track. Lee Asworthy captured the track 3-year-old trot, 2:12 1/2, in two straight heats. The final heat was done in 2:08 and the first in 2:08 3/4. The two heats and two heats the event was ever run.

Aside from the setting of new marks the chief event of the day came when the first race for 2:15 trotters. The other events were all captured in straight heats. But in the first race, after Sterling Hall had won the first heat, Duesen finishing fourth, the latter took the next three with little trouble.

Greater Edmonton League.

The following is the revised schedule for the Greater Edmonton Boys' League:

- July 27—Edmonton vs. Crescenta.
- August 3—Edmonton vs. Brownies.
- August 10—Edmonton vs. Brownies.
- August 17—Brownies vs. Edmonds.
- August 24—Brownies vs. Edmonds.
- August 31—Brownies vs. Edmonds.
- September 7—Edmonds vs. Brownies.
- September 14—Edmonds vs. Brownies.
- September 21—Edmonds vs. Brownies.
- September 28—Edmonds vs. Brownies.
- October 5—Edmonds vs. Brownies.
- October 12—Edmonds vs. Brownies.
- October 19—Edmonds vs. Brownies.
- October 26—Edmonds vs. Brownies.
- November 2—Edmonds vs. Brownies.
- November 9—Edmonds vs. Brownies.
- November 16—Edmonds vs. Brownies.
- November 23—Edmonds vs. Brownies.
- November 30—Edmonds vs. Brownies.
- December 7—Edmonds vs. Brownies.
- December 14—Edmonds vs. Brownies.
- December 21—Edmonds vs. Brownies.
- December 28—Edmonds vs. Brownies.

MATTY'S HIT WINS A GAME

Veteran Pitcher Drove Run Across With Timely Single.

Cincinnati, July 22.—(National)—With two men on bases in the thirteenth inning, Mathewson drove Cincinnati to a victory over the Reds. The first man up, doubled. He was advanced to third on a sacrifice by Merkle. On Meyer's grounder, Fletcher was run down between third and the home plate. Then then ran for Meyer. Fletcher went to second when Grant was given a base on balls and scored when Mathewson singled to center field. Deane, who started the game for New York, batted until the sixth inning, when Cincinnati made five hits for three runs. Fromme, who succeeded Deane, pitched two innings and did not allow a hit. Mathewson then went into the box and succeeded in retiring the Cincinnati batters in one, two, three order for the rest of the game. Benton pitched fairly well up to the eighth inning, when he weakened and New York tied the score.

In the Race for a Gusher, Nakamun is Likely to Win

You are all interested in seeing the many oil indications that exist in this part of Alberta developed? Then why not invest in NAKAMUN, the Pioneer Oil Company, which has been working for months trying, under conditions, to convince the public that the Nakamun District has the best indications for oil to be found anywhere.

The judgment of the National Petroleum Association is now being confirmed by some of the most eminent geologists and oil operators on the continent, together with the recent discoveries on the Nakamun property.

It is a fact that the discovery of the great Lake View gusher in California, the greatest oil well the world has seen, endorses the Nakamun district, after looking all over the Province, by locating 20,000 acres immediately to the west of the Nakamun district, a quantity of the fluid in 1300 feet, and will spend his own money in immediate development.

DO YOU REALIZE WHAT THIS MEANS?

It means that Nakamun shares will undoubtedly be selling above par in a short time. Then he wise if you would have us make money for you, and invest in a few of these shares while they may be had at the present prices.

Remember one thing specially: Nakamun offers what very few oil companies do. It offers you an interest in the oil development, an interest in a great Asphalt deposit, and an interest in a great Coal field, all for the ONE price.

Nakamun shares are fully paid and non-assessable, and are now selling at par, \$1.00 each.

What greater recommendation do you require to invest your money in a progressive organization that has 4299 acres of rich land under control?

Drilling is proceeding day and night with the most modern tools to be had.

Read the opinion of an independent, well-known and reliable Edmonton man:

Frank M. McQueen, president of the Capital City Oil Exchange, returned from a trip to the Nakamun well. Mr. McQueen accompanied the party of oil brokers to the field and returned this morning.

In an interview he declared they thoroughly investigated the conditions at the well and found that there was every indication of a big gusher. They found that there was fairly saturated with oil and also brought back to the city a quantity of the fluid in a bottle. The machinery, he said, was of the best and most modern and that the drilling was certainly "know their work." Samples of the oil were also brought back by Mr. McQueen.

Calgary Would Go Crazy

"If these indications were brought into a Calgary field the people would go crazy," said the president of the oil exchange. "The lands surrounding the well show every indication that oil will eventually be found and I think I can safely say that the entire party and the value of the well is in the hands of Mr. Brown, who holds 22,000 shares in the Nakamun company, was with us and appears to be quite satisfied with what he saw."

Mr. McQueen further stated that reports scattered about the city were entirely unfounded as the drillers were working day and night. He further said that the test well impressed the party more favorably than the others and that the test well impressed the party more favorably than the others and that the test well impressed the party more favorably than the others.

Obey that impulse? Do like Nakamun: "Act at once."

Your Guarantee

Mr. W.B. Channell, president and managing director of the company, has had 30 years' experience in the oil business. Up to two years ago he controlled the largest independent oil manufacturing business in the United States located at Kansas City, Mo. He is capable of running 85 per cent of the by products of crude oil.

The promoters have posted their stock for one year, the Quebec Bank acting as trustee.

Not a Speculation, but an Investment

The shrewdest financial men see our proposition as revenue producer, inasmuch as we have the desired article and are going to manufacture various kinds of oil products. Our oil lands are yielding as high as 50 gallons of oil to the cubic yard, so this alone assures the public of the value of our deposits. All we need to do is to start manufacturing. We are without a doubt the Rockefellers of Alberta. Our president and manager has had thirty years' experience in the California fields, Kansas City Oil fields, and terms our find the best he has ever seen.

Fifty thousand shares are offered to the public at par value \$1.00. Proceeds of all stock sold positively to be used for development purposes only.

Eskimos Win Another
Game From The Quakers

With Kraft and Chapman in the Box Score Was 8 to 7—Five in a Row, We're Going Up.

Saskatoon, July 22.—The Quakers put up another listless exhibition of ball yesterday, and while the score was close, the play was even worse than that of Monday. Until the last inning the Eskimos had the game eight to two, but in that frame Chapman blew up, and the locals scored three off him, and two more off Kraft, who went in with one man out and the bases full. Five hits off Northrup in the second gave the visitors five runs. Chalk at second played a bombard game, and was taken out in the fifth. Chapman's homer in the second with one man on, was the only feature of the day, although Chapman fielded his position well and pitched a good game until the ninth. In that frame two men and an error filled the bases and the next man was walked. Kraft then went in and Lorenz's full field, but no dream was walked forcing in another run. Collins and Harley singled and the score stood 8 to 7. Collins tried to steal home while Faler was playing

with Harley's hit, but he was caught at the plate, ending the game. Umpire Becker was poor for both sides.

LATEST NEWS
OF DAVIS CUPAmericans Not Greatly Impressed
With Playing of
Australian Team.

Chicago, July 22.—Chicago tennis followers have failed to be greatly impressed by the work of the Australian stars who met the Canadians in the Davis cup preliminaries at the Ontario club this week. Eastern bettors who have rated the Australians as favorites at 1 to 3 or 4 for the cup are thought by local cricketers to have overestimated their strength. It is thought there is little chance of Australia taking the Davis cup from the Americans.

However, it is not considered that Canada has much better than an outside chance of defeating Australia in the preliminaries. Even the Canadians themselves seem to entertain little hope of beating their rivals, but they have continued to practice steadily with the idea of making as good a showing as possible and being prepared for the best should opportunity come.

At the same time, the critics here who have watched other Davis cup play consider the Australians better than either the British team or the Germans, with the latter of whom the winners of the Ontario meet are to compete at Philadelphia. So it is figured that the Antipodeans will be the opponents of the Americans in the Glasgow round.

K. of C. beat Mic Macs.
 By the very one-sided score of 21 to 1, the Knights of Columbus last evening beat the Mic Macs in an intermediate game, McLaughlin, the winning pitcher, having no less than 16 strikeouts to his credit and allowing but one hit. The teams lined up as follows:

Mic Macs—F. Graf, Dolingham, Puncan, Ginter, M. Graf, Olson, Huson, A. Graf, McDonald.

Knights of Columbus—Howard, P. Maloney, McGarry, Ellis, Connor, Lawlor, T. Maloney, Briere, McDougall.

Try to Swim Channel.
 Boston, July 22.—Henry P. Sullivan, of Lowell, an amateur long distance swimmer, who last year made an unsuccessful attempt to swim the English channel, sailed for England yesterday to make another attempt. Last year Sullivan was in the water ten hours, battling against a head wind and cross seas and was forced to give up a few miles from the French shore. He has been in constant training for several months.

SASKATCHEWAN RIFLE MATCH

Crack Shots From Prairie Provinces Make Opening Day Success.

Regina, July 22nd.—Saskatchewan rifle match opened yesterday with a large attendance, including many of the crack shots from Manitoba, H. C. Lawson, Oak Lake, was the law student match, 250 yards with 34; Lieut. A. G. Staley, 34th was second with 21 and R. Waite, 195th regiment, third with a like score. Lieutenant Blackburn, Winnipeg, was 19th with 21. H. Hurdman, of Manor won the Trophy prize, with 20.

In the city of Saskatoon match 500 yards, two positions were made by R. Pearne, Prince Albert, and James Auld, Estevan, the latter winning with the shoot-off. Story and Lawson of Oak Lake were sixth and seventh with 23 each. Sergeant Dunk of the 54th won the Trophy prize with 21.

In the City of Prince Albert, 600 yds. five hits with 31, the shooting off resulting in: Cook, Manor; 2; Sanders, 55th; 2; McKenna, 195th; 4; Frank Adams, Estevan, 5; James Auld, Estevan, Blackburn, of Winnipeg, was 21st with 21.

P. Schwager, of Dundurn, won the Saskatchewan trap shooting championship for the second year in succession with 47. He had a straight break of 25 at the second trap. Plummer and Morton were 42 and 43, next high. Regina won the team shoot.

Bronks Beat
Medicine HatBattiste, the Indian Knock-
about, Scores Shut-out
Against Hatters.

Calgary, July 22.—The Bronks came back last night after their disastrous road trip and started their two weeks at home series by shutting out Medicine Hat, 2 to 0.

The score—
 Both sides played splendid baseball. Brown at third played a stellar game, for the Hat while Reynolds and Grant starred for the local team.

Finely hitting won for the Bronks, two singles and an infield out resulting in the first run, and three singles and a stolen base in the second, one.

The score—
 Medicine Hat . . . 000 000 0-2
 Calgary 001 001 00x-2 6 2
 Batteries—Lind and Davis; Battiste and Weinhold.

N. Edmonton vs. Civics.
 On Civic Holiday, Monday, July 27th, the Civics and North Edmonton cricket teams will play an all day match at Victoria park. Twenty-first century will represent the Civics and will represent the Civics—Hunt (captain), Collier, Hodgson, Stuart, Woodman, Pascoe, Turner, Saffert, Giffin, Foster, Mitchell.

Callies vs. Swifts.
 The Callies meet the Swifts in a Senior League match this evening at Diamond Park. The following players will represent the Callies and are asked to be at the park not later than 6:30 p.m.: Parker, Kinsman, J. Hunter, McTherapen, Whitehead, Cowan, Hillisland, Collier, McJackie, Spence, Tweeddale, Dickie and Davidson.

Winners of July 1 Sports.
 The medals for the Amalgamation Day celebration sports are now in the hands of G. R. Jackson, the secretary of the sports committee, at Room 11, Mortimer block. Winners of prizes can secure them by calling at Room 11 and signing a receipt for the same.

Red Sox Win
From MillersBy Score of 12 to 4—Scored
10 Runs in First
Inning.

Regina, July 22.—After presenting the Millers with three runs by word playing in the first inning the Red Sox went to bat with blood in their eyes and before the side had been retired ten of them had crossed the plate. Weed used Harrah, Carty and Whisman in a vain effort to stop the advance of the runs. Casey Smith started the fun when, after the first three men had gone he smashed a triple. After that the runs came fast and furious. Henry and Casey Smith each won two hits in that round. Three men were left stranded when Harrah was retired for the second time. After this game came back to normal, the big feature outside the awfult in the first being Abbott's great batting record. In five trips to the plate he was hit, made two singles, a double, and wound up with a triple. Errors gave the Millers their three runs in the first, Rhode pitching good ball throughout, although he contributed two of the errors.

 The following team will represent the Sons of England in an Interstate League match with the G.T.P. at the South Side Hotel: Shaw, Murray, Buckingham, Collier, Farrant, Jennings, Smith, Merrick, R. Ritch, Hughes, Bell, Goodstone.

Accidents At
BRANDON FAIRRace Matinee Enlivened by
Three Spills With Horses
and Drivers.

Brandon, Man., July 22.—Though marred by three accidents, the racing yesterday afternoon, the opening day for speed events at the summer fair was of a high nature. Every race was well filled and the track was in perfect condition.

Haliburton To Represent City

Will Be Sent to Dominion Championships Next Month in Far East.

Roy Haliburton, Edmonton's crack all-around runner, will represent the city at the Dominion Championships at Charlotteville, P. E. I., early next month and will leave for East Coast August 3 stopping at Winnipeg and Toronto for a day's work to keep in good shape on the long train trip. Haliburton is undoubtedly the best choice from the city's best track and field athletes to uphold the honors of Alberta, holding as he does several provincial and also dominion championships, won last year. "Hal" is an all-around man, and will compete in the 100 yds., 220 yds., 440 yds., hurdle races, pole vault, running high jump and jump, broad and high jumps. From out of this number of events "Hal" is sure to take down his full share of the points. There is also a possibility of Ross Sheppard making the trip as a teammate for Haliburton, but this has not been decided yet. Sheppard is a Canadian champion in the standing high jump, but this event is not on the board for this year's events.

Christ Church beats Wesley.

A match between these clubs was played last evening, which resulted in an easy win for the former club by 10 to 6. The scores were as follows: Christ's singles—Holmes (C.C.) bt. Fardis (W.), 6-4, 6-4. Henderson bt. Dewey (C.), 7-5. Mattison (W.) bt. Highmower (C.), 8-6, 4-6, 7-5. Ladies' singles—Miss B. Shaw (C.C.) bt. Miss Sturven (W.), 6-1, 6-2. Miss Enlop bt. Miss Entwistle, 6-1, 6-0, 6-2. Miss Shaw bt. Miss Clements, 6-0, 6-2. Men's doubles—Glanville and Muller (C.C.) bt. Spiller and Colban (W.), 2-1, 7-5. Service and Stanley bt. Curtis and Quantz, 6-2, 2-6, 6-4. Logan and James bt. Leake and Berry, 6-0, 9-7, 6-3. Mixed doubles—Miss Dunlop and Goodwin (C.C.) bt. Mrs. Dewey and Miller (W.), 6-1, 6-4. Miss Oliver and Newell (W.) bt. Miss Connor and A. Service (C.C.), 4-6, 6-1, 6-4. Miss P. Shaw and Muller (C.C.) bt. Miss Clements and J. Bowling (W.), 6-2, 6-4.

Ball Players' Grievance
Settled; To Be No Strike

Bloodless Victory for Baseball Player's Fraternity—Kraft Case Settled Satisfactorily.

New York, July 22.—The Baseball Players' Fraternity won a bloodless victory here yesterday and a threatened strike of national and American league players, members of the fraternity, was avoided when the case of Player Clarence O. Kraft was settled to the satisfaction of the players organization and in accordance with its demands. The incident is considered closed by both the big league magnates and the players.

MAJOR LEAGUE RESULTS

Five Inning Tie

Boston, July 22.—(American) A wind and rain storm which came up in the fifth inning and continued through the first half of the sixth, called the game between Boston and St. Louis without a score 1 to 1 after St. Louis had batted. There was to have been a double-header, but the second game was also called off.

Their First From Tigers

New York, July 22.—(American) New York hit the ball hard yesterday and won their first local victory from Detroit this season, the score being 3 to 5. The Yankees knocked both Coveleskie and Hall off the rubber and took advantage of Boston's wildness in the sixth when they scored the deciding runs in three innings, two hits and a double shot. New York was hit hard in the third inning, but then settled and pitched good ball.

Couldn't Hit Johnson

Washington, July 22.—(American) Washington made 12 hits and four runs in the first four innings yesterday, while Johnson held Chicago scoreless throughout the game.

The Errors Helped

Chicago, July 22.—(National) Leah's triple enabled Chicago to win from Philadelphia again yesterday, 4 to 3. The locals played an uphill game and scored with the assistance of errors and wildness of the visiting pitchers.

Two Shut-Outs in Row

Pittsburg, July 22.—(National) Boston shut out Pittsburg for the second time in two days yesterday afternoon by a score of 6 to 0. Rudolph, who led the home team only three hits Maraville for a home run in the third.

Pfeffer Blew Up

St. Louis, July 22.—(National) After pitching air tight ball for five innings, Pfeffer went to pieces and St. Louis scored five runs, winning the second game of the series from Brooklyn, 5 to 4. The Dodgers scored their runs by bunting hits in the second and sixth innings and by Daubert's home run in the fifth.

Seven Straight for Phillies

Philadelphia, July 22.—(American) Philadelphia's string of consecutive victories was increased to seven by winning both games from Cleveland yesterday, the first 2 to 1 in 11 innings, and the second by 7 to 6. In the opener, Mitchell pitched wonderful ball for eight innings, during which he piled up 12 strike-outs, but in the ninth the home team tied the score on Collier's single and shot of second, out and a wild pitch. In the eleventh, after being held down to two hits, Philadelphia doubled the two safeties, and won by singles by Murphy, who was

Wholesalers And
ALTAS PLAY THE
GAME: SCORE 10-10

Diamond Park was the scene last evening of an unexciting game of ball in the city Senior league, when the Altas and the Wholesalers battled to a 10-10 tie after the game had been won and lost several times by home run smash by Cooper of the Wholesalers was the batting feature of the contest. The lineups were as follows:

Will Appeal Case.

Buffalo, July 22.—Notice of an appeal from Justice Bisette's decision was filed late yesterday afternoon. The appeal will not prevent Chase playing with the Buffalo Federal league team and it was said last night that he would be on first base today.

Costs more per case but the same per glass.

News of the Markets

Chicago Grain.
 Chicago, July 22.—Black rust dam-
 aged the wheat crop and Russia was
 Russia was face to face with famine
 conditions carried the wheat market
 yesterday to a higher level. There was
 a steady close to 1/4 % and 1/2 % above
 Monday night.
 Nearly every crop expert in the
 spring wheat belt sent word of aug-
 mented injury being done by black
 rust and excessive heat. Premium
 shipping in South Dakota formed part
 of the burden of complaint from the
 northwest, but most attention was given
 to the menacing conditions this side
 of the Canadian line. Bullish senti-
 ment was emphasized by statements
 that European import needs would be
 heavier than expected, the shortage
 probably being especially acute in
 Bulgaria, Roumania and the center of
 Russia.

Winnipeg Listed Stocks.
 Winnipeg, July 22.—Listed stocks
 yesterday were as follows:
 Canadian Pacific 100 112
 Com. Loan & Trust 100 95
 Empire Loan 100 112
 Great West 100 112
 Home Investment 100 112
 Northern Crown 100 112
 Northern Trust 100 112
 Standard Life 100 112
 Union Bank of Canada 100 112
 Wpg. Land & Mortgage 100 112

Montreal Produce.
 Montreal, July 22.—Butter is firm
 under a fair demand. Cheese is quiet.
 Eggs are active and firm.
 Cheese—Finest western, 13 and 13 1/2
 %; eastern, 12 1/2 and 12 3/4 %.
 Eggs—Fresh, 23 and 24; selected, 26
 and 27. No. 1 stock, 23; No. 2 stock,
 24 and 25.
 Pork—Heavy Canada short, 35 to 40
 %; light, 35 to 40 %; Canada short,
 35 to 40 %; light, 35 to 40 %.
 Montreal, July 22.—Trading of local
 grain reached a low ebb yesterday
 when the day's transactions totaled
 only a few shares over 1,200. The
 movement of prices was irregular, but
 the former market in New York was
 reflected in a better feeling among the
 leading issues here.

Chicago Cattle.
 Chicago, July 22.—Cattle receipts 3,
 500; market steady. Steers 7 1/2 and 8;
 7 1/2; Texas steers, 6 1/2 and 8; stock-
 ers and feeders 5 1/2 and 8; cows and
 heifers 5 1/2 and 8; calves, 7 1/2 and 8.
 Hogs—Receipts 15,000; market 4 1/2
 and 5; heavy, 4 1/2 and 5; light, 4 1/2
 and 5; pigs, 7 1/2 and 8; bulk of
 sales, 4 1/2 and 5.
 Sheep—Receipts 7,000; market 4 1/2
 and 5; heavy, 4 1/2 and 5; light, 4 1/2
 and 5; yearlings, 4 1/2 and 5; lambs, 4 1/2

 September 49 1/2 and 49 3/4; London,
 easy; spot, 49 1/2 and 49 3/4; futures,
 49 1/2 and 49 3/4.

London Stocks.
 London, July 22.—The stock market
 was actively depressed again yester-
 day, heavy liquidation was in evidence,
 due to the nervousness of investors
 over the latest Irish political develop-
 ments. The conference called by King
 George is taken as an evidence of an
 increasingly serious situation. Con-
 siderable selling again took place in
 the downward movement. Bullish trend
 followed the reason for the pressure
 from Berlin and Amsterdam. Securities
 closed 1/2 % lower for money and the
 account at 7 1/2 % and 7 1/2 % respective-
 ly.

Selling from the European
 market was largely responsible for a renewed
 decline in Canada's Pacific stock. The
 American market, with which the
 stock is closely related, was not much
 above the lowest and improved after-
 wards in the street on more favorable
 news from New York. The Canadian
 Pacific was hammered down to 18 1/2
 and recovered to 19 1/2 when the market
 closed. Grand Trunk also was sub-
 jected to selling pressure and gave
 way. Baltimore and Ohio sold off on
 the distribution of no much stock by
 the Union Pacific company in the form
 of extra dividend. Southern Pacific,
 United States Steel and Amalgamated
 Copper were lower.

Local Markets.
 The prices were as follows for the
 leading lines of produce:
 Beef, per lb. 9 to 10 1/2
 Pork, per lb. 10 to 11 1/2
 Mutton, per lb. 10 to 11 1/2

A TRIP TO PANAMA

THE CAPITAL wants every one of its readers to take a trip to the GREAT PANAMA CANAL and see the wonders of this mighty achievement. You say you can't spare the time. All right, then we'll bring the Canal TO YOU—all in one BIG volume, filled with PICTURES of ACTUAL SCENES never before published, described in words that hold you spellbound. Read on, and learn how you may get this magnificent book—this complete story of Panama in picture and prose—

Not merely a picture book, but an educational work of rare interest to every member of the home.

FOR \$1.20 ONLY

Art plates reproduced from water-color studies abound throughout the entire magnificent volume.

Every progressive man, woman and child is eager to know all about the Panama Canal and the remarkable country through which it passes. Realizing this fact several hundred newspapers have arranged to take an enormous advance edition of the most elaborate and complete illustrated history of PANAMA AND THE CANAL, published by the Syndicate Publishing Co., of New York City.

This company is eminently fitted to issue such a work at a minimum cost. It has heretofore supplied through daily newspapers millions of high-class dictionaries and other books.

THE CAPITAL is the one paper in this section through which PANAMA AND THE CANAL IN PICTURE AND PROSE can be had. The plan outlined below tells you how to get this only complete Panama Book ALMOST FREE.

The large volume is twice the size of an ordinary novel; it is a most handsome book, stamped in gold, with beautiful color panel on front cover, showing the famous Culebra Cut; it contains 450 large pages filled with interesting information of rare educational value to every reader. The illustrations are modern works of art, covering every important scene in the Canal Zone; they include 16 water-color plates with more than 600 photographic studies.

Presentation By The EDMONTON CAPITAL

Willis J. Abbot, the versatile writer on international subjects and author of many books of history and travel, spent months in Panama and the Canal Zone in the preparation of this volume. He collected at first hands the complete history of the great Canal, with a wealth of historical data concerning Panama which has never before been written. The result is a human interest story of this beautiful land and its people from the early days when Columbus tried to find a natural waterway from the Atlantic to the Pacific, down to the present time.

Special staff photographers made the hundreds of beautiful views which illustrate practically every page of this exhaustive book.

The well-known artist, E. J. Read, made the sixteen sumptuous water-color studies which are reproduced by the latest color processes on specially made paper.

The Panama Canal, the greatest engineering achievement of the world's history, cost more than

\$400,000,000

It links the two greatest oceans, and becomes the most important factor in peace and war. So where is the red-blooded inhabitant of this globe that does not feel vitally interested in it? Truly it is the wonder of this progressive age!

PANAMA and the CANAL in PICTURE and PROSE

The greatly reduced illustration printed below shows less than half the size of the large illustrated volume

The Most Unusual Canal Scenes Described in Word Pictures That Fill You with Astonishment at the Wonders of this Great Undertaking
